### 1,434 School Children Receive Polio Immunization Shots

A large percentage of the school children in the area covered by the Vulcan Sub-office of the Foothills Health Unit have received three or more shots of anti-polio vaccine, according to the polio immunization files kept by Miss Margaret Lock, Public Health Nurse, Vulcan.

At the end of 1961, out of 1,558 school children, 1,434 had received three or more doses of vaccine and of that number 814 had received a fourth dose.

Infants and pre-school children — 49 have received two doses of vaccine, 414 have received three or more doses, with 205 of these receiving a fourth dose.

Adults — 516 have received two doses, 598 have received three or more, with 24 of these receiving a fourth shot.

The polio immunization series consists of four injections. The first two doses are given one month apart and seven months later the third injection is given. Booster shots are given every four years after the third dose has been administered.

All adults are reminded that polio immunization shots are available at the monthly well-baby clinics held in their areas. Many students who left school in 1957-58 are now due for their booster shots.

## May Organize Brass Band

A survey of Vulcan and district is presently being taken with regard to possible interest in the formation of a brass band in town.

R. Rensing of the South Calgary School of Music is representing the Calgary Conservatory of Music in this endeavor, with the hope of finding sufficient interest in band work to bring in an instructor regularly to develop musicians.

Mr. Rensing's organization is presently working with the Calgary Public School Board in the development of bands among various Calgary schools.

Art Dee, a band leader trained by Mr. Rensing, will be leading the Calgary Salvation Army band in concert at High River, March 25.

The Vulcan Scout-Guide Association bottle and battery collection fell slightly short in returns during the one-day drive Feb. 17, but it didn't lack for enthusiasm of its young participants as shown by the truck load above. Members of the group committee and other volunteers drove the boys 'round town and into the country and the County once more donated warehouse space in which to store the bottles and batteries. A similar drive will take place at Lomond this Saturday, sponsored by the Lomond Association.

lene Hall, Gaylene Heggen, Leanne Oviatt, Betty Lowther, Pat Buckland, Kay Jones and Cherie Hinkley. They were coached by Richard Bjorgum.

## Weather Cuts Attendance

### F & G Trophies, Awards Presented At Banquet

Sub-zero temperatures on Friday night, March 2, reduced numbers attending the third annual Vulcan and District Fish & Game Sportsmen's Night to about 125 members and guests, held at the Vulcan Cafe.

For a time it was feared the weather might sink the whole show as speakers, with films and award certificates, were held up on the road for most of an hour with car trouble.

Following a turkey supper, a charter Fish & Game member instrumentally, the club's early success, the Rev. Bob Johnson, introduced the head table and announced the program throughout the evening. Rev. Bob and his wife, Marybelle, travelled from their Taber home for the occasion.

In his report of 1961, president Bill Holton, now entering his fourth term in office, reviewed an active year which covered the flops, one of which was the attempt to stock Dan McInven's pot hole lake with fish, along with another which was the meagre duck shoot last fall, and which also dealt with more successful enterprises. The Junior Fish Derby was run again in 1961 with good results and the rifle shoot, in its first year was reasonably satisfactory. In this regard, another will be held this spring with the winners going to the shoot at Willow Valley.

To the local and district youngsters went congratulations from the president on their co-operation in the Crow and Magpie campaign in which 530 pairs of feet were turned in. 20,929 pair were taken throughout the province with Vulcan being in 14th place in totals.

The pheasant and partridge numbers increased last year and Mr. Holton reported that at a meeting attended by local members, at Claresholm, more deer than ever before were said to have been taken through check points went of that town.

The president noted the increase in membership each year which started with 135 at the outset, 160 in the second year and a jump to 235 achieved in 1961.

In reporting of the Annual Fish & Game provincial convention held in Red Deer and attended by Bill Holton and vice-president Glen Dahl, the speaker said Vulcan's resolution regarding crop damage insurance was turned back for further study by the provincial body.

Chuck Johnson, vice-president of the Alberta Fish & Game Association lauded the local effort to bring interest of outdoor life to youngsters through the recent well attended Kids' Night and other projects, and felt more time should be given by all groups in the "conservation of children." Speaking on the problem of youth guidance, Mr. Johnson claimed in most cases the "delinquency" tag should be put on the parents, not the children. He said parents must teach their children, not leave it completely up to the school teacher, and one of the most enjoyable and rewarding methods is by family participation in outside pleasure. He left his listeners with the parting shot, "The boy that hunts with his dad never has to be hunted for."

Howie Marshman, chairman of the membership committee, was awarded a certificate of distinguished service recognition for his outstanding work towards the building of the association. A similar award went to publicity chairman Peter Pickersgill.

Two years of labor as secretary of the association were rewarded when Wes Fulton was given a gift in appreciation of his services.

A high point of the evening was the presentation of trophies by chairmen of the various game committees. Don McCord won the Duck Trophy, while Stu Joiner and Peter Degenstein tied for the Goose Trophy. Peter Degenstein came back to accept the trophy for the top pheasant specimen of the year. In the big game, Hubert Bextle took the Deer Trophy presented by Carl Steiner. Mrs. Mary Wylie was back for her second year as winner of the Pike Trophy.

Mac Switzer was not present to receive his trout trophy and holder of the largest set of Elk horns among association members, Jerry

## VULCAN COUNCIL OF HOME & SCHOOL ASSOCIATION

The annual meeting of the Vulcan Council of Home and School Associations was held Feb. 24 at the Champion school auditorium. Mrs. Helen Sanderson, the president welcomed everyone on behalf of the Champion association. The registration committee, Mrs. Emma Smith and W. McIntyre, both of Carman-gay, reported a very good attendance representing Carman-gay, Arrowwood, Milo, Brant, Lomond and Champion. Mr. Morrison of Carman-gay, gave the invocation and L. J. Smith of Milo, regional director, brought greetings from the provincial level.

The business meeting followed with the following being elected as the new officers for 1961-62 term: President; Ken Miller, Carman-gay, vice-president; Mrs. M. Williams, Arrowwood, secretary-treasurer; Mrs. Emma Smith, Carman-gay.

The reports from the various associations showed that though, in some cases, the membership was not large, it was extremely active. Several guest speakers, speaking on education in all different categories, including the study of the new curriculums, were most enjoyed in all locals. Several had panels, and presented scholarships. All locals had helped with Christmas festivities and graduation exercises. Increasing participation in the Banff workshop and recreational leadership courses was noted.

The panel on "The new look in education", expertly moderated by Mr. Hawksworth was most ably handled by Mrs. Porter, Milo, D. Cousins, Lethbridge, Mr. Mumby, Vulcan and D. Binings, Mossleigh. Mrs. Prater, stressed that vocational schools should be developed and studied very carefully before jumping into something that would not really solve the problems for the rural student. Mr. Cousins stated that the real purpose of vocational schools should be to give any kind of training for any kind of occupation, turning out personnel ready for a job. He also noted that in the school at Lethbridge there were more rural students than city students. He felt that these schools should be built on the national need for same. Mr. Mumby, speaking from the staff viewpoint, said that teachers for such a school should be especially well qualified, as they would be dealing with lower IQ students than an academic teacher, and after all any school is only as good as the staff.

Mr. Binning noted that a vocational school curriculum must be based on the location and population of the area. A small school would not be able to offer enough variation in the curriculum. There are, at present 167 vocational schools in Canada, and 14 planned for Alberta.

The guest speaker, Mr. Wilson of the National Employment Office, spoke on what industry and business require of our high school applicants. He stressed that the main requirements are never essentially changed, still being suitability of occupation, adequate education and technical training, courtesy, punctuality, cleanliness and neatness of appearance, and the ability to accept routine and discipline. The competition has tremendously increased however. Mr. Wilson said he thought it was most interesting to note that about the same number of jobs would be vacant as the number of unemployed, who would be unable to fill them because of a lack of education.

J. M. McKay, school committee chairman of the county, gave a most enlightening talk on local taxation and how it was broken down. It was of extreme interest to all attending, as it is always of prime interest to all taxpayers.

The day's activities included a delicious hot dinner at noon, and coffee and lunch at 3:00 p.m., both sponsored by the Champion association.

Mrs. Sanderson concluded the meeting by thanking her officers, committees, guest speakers and all who had in any way helped make the council meeting a success.

Those things that come to man who waits seldom turns out to be the things he's waiting for.

#### ANNUAL MASONIC BALL

The members of Milo Lodge, AF & AM held their Annual Masonic Ball and Ladies' Night at the Milo Oddfellow's Hall on Friday March 2. It proved to be a gala affair. Approximately 150 people attended the banquet with some additional 50 attending the dance which followed.

Catering was done by the Berrywater FWUA local. These ladies received high praise both for the quality of their turkey supper and the efficiency with which it was served. One turkey that remained was auctioned by Wally Franks of Vulcan and brought \$14.00.

The visiting ladies were received and presented each with a corsage by Mrs. John Papp and Mrs. Mel Schaub. Mel Schaub was in charge of the tickets and guest book and was assisted by Alan Sim.

The evening opened with "O Canada" after which Wor. Bro. M. T. Edwards proffered Grace.

Following the banquet an hour was spent in entertainment. Wor. Bro. George McMorris acted as Toastmaster and kept everyone in great glee and good humour with his wit and stories.

Wor. Bro. Evan Beechman gave a speech of welcome. The reply was given by Bill Richardson of Vulcan. Wor. Bro. John Papp, Master of the lodge for the current year also expressed his pleasure at the attendance in spite of the bitter weather.

Civic greetings were given by the Mayor of Milo, R. O. Bertrand. A toast to the ladies was proposed by Leonard Northcott and his wife Amy Northcott, gave the reply.

Past Grand Master Del McQueen added to the enjoyment with well chosen remarks. Past District Deputy Alvin Godkin introduced the speaker of the evening, Charlie Andrews. His subject was oldtimers or senior citizens. He drew a comparison of the way of life then and now and dealt with the subject in a humorous manner, delighting his listeners.

Following the banquet, the remainder of the evening was spent in dancing, to the music of Lee Lewis and his orchestra of Calgary. His preference for old time music met with the approval of the crowd. The hall was beautifully decorated in Masonic colours for the occasion.

The consensus of opinion seemed to be that it was a grand evening and an event to look forward to in the coming year.

## FOSTER Blower & Dump Wagon

Hundreds of farmers and ranchers are successfully wintering their cows and calves on chaff. Chaff, fed with or without supplement, makes it possible to winter your herd for less than 10¢ a head a day. You are now wasting tons of this valuable cattle feed unless your combine is equipped with a FOSTER BLOWER AND DUMP WAGON.

The FOSTER BLOWER mounts on most popular combines and blows the chaff, weed seeds, and the light and cracked grain into the FOSTER WAGON. Or, at the operator's choice, the straw as well as the chaff can be saved and blown into the WAGON. The FOSTER WAGON is then dumped with a trip rope while the combine is moving.

The solid dumps from the FOSTER WAGON are 10 feet long—8 feet wide—and 7 feet high. These dumps of chaff can be fed to cattle right in the field or the dumps can be loaded on a truck with a buck rake and then moved to stack or drylot. In nearly every case, the FOSTER BLOWER AND DUMP WAGON will pay for itself in one year with savings made in cattle feed.

SEE YOUR FOSTER DEALER FOR THE COMPLETE "CHAFF STORY".

ENQUIRE SOON about this piece of equipment that we feel is very valuable to the cattlemen of Southern Alberta. Due to circumstances, we have to order these machines early in order to assure delivery.

### WOMEN'S INSTITUTE

The March meeting of the Women's Institute was held at the home of Mrs. J. Brown with the vice-president, Mrs. Jack Bushell, in the chair. Eleven members and two visitors answered the Roll Call with a household cleaning hint.

The quilting bee is to start on Tuesday March 6, at the home of Mrs. G. Elder. The material for the bazaar was distributed.

Ideas for the WI float were discussed and Mrs. O. Lahd and Mrs. J. Bushell are to start planning it immediately.

Mrs. G. Elder is to contact Bill Fodor about repairing some of the Women's Institute chairs in the Legion Hall.

Ten cents per member is to be sent to the Hoodless Homestead Fund and the same amount to the ACWW Fund.

This Branch of the Women's Institute voted for the 1963 Provincial Conference to be held in the month of June at the University of Alberta as in previous years rather than the Macdonald Hotel in April.

The Branch will canvas for the Cancer Fund again and the kit is to be sent for right away.

Due to the resignation of our president, Mrs. Leigh Robertson, Mrs. Jack Gushell, 1st vice-president, and Mrs. O. Lahd, 2nd vice-president, was moved up to 1st vice-president.

Date for the Easter Tea and Bake Sale will be decided at the April meeting.

## ATTENTION

### Farmers and Stockmen

• VITAMIN A is the most common vitamin deficiency found in beef cattle today. Calves born this spring will very likely suffer from this vitamin deficiency. Vitamin A deficiency causes:

- Poor growth.
- Low resistance to infection.
- Poor hair coat.

• Injections of Vitamin A are absorbed more quickly —excess amounts are stored in the liver for future use.

• You can give your calves a head start by injecting your cows with Vitamin A about one month before calving.

• Make MITCHELL'S your headquarters for animal health needs.
